Pietro Presti

Sharing Progress in Cancer Care
Turin, Italy

1st December from 18:00 to 19:10 CET

via www.spcc.net

The webinar will be available on demand
on the SPCC website from 8th December 2020

SPCC is a non-profit association, based in Switzerland, working in the fields of cancer education, care improvement and innovation, in collaboration between various stakeholders, including industry and academia, in order to raise awareness and disseminate knowledge about innovative approaches, scientific progress as well as state-of-the-art treatments and methodologies in Cancer Care Continuum.

The session has been reviewed by the Accreditation Council of
Oncology in Europe (ACOE) and awarded with

1
CME
Credit

To view the session and obtain the CME and participation certificates,
you must register on the SPCC website.
